SECRET AGENT MAN

Imagine that behind your company's carefully crafted facade, your team is actually a fabulous international network...of spies! One of your informants has learned that 007 himself, James Bond, is finally planning to retire into a well-deserved life of leisure. Q and Moneypenny are now actively engaged in the search for the next Bond.

Does someone on your team have what it takes to lead a life of international intrigue? Can your people maintain cool heads in the face of unspeakable dangers? Are they willing to risk everything? You're about to find out.

Things get shaken and stirred when the evil Dr. Maybe and his equally evil henchman (teambonding CharActors all) arrive to break up the fun. A full fight breaks out in front of your astounded guests. Just when you think you've seen it all, a murder takes place right before your eyes. Now it's up to your group to figure out who's behind it. And who's that new Bond girl? Expect the unexpected as the mysterious Ivana Luvvayou and her accomplices compete to assist Bond – or die trying.

This event is incredibly effective for breaking the ice and fostering creative teamwork. Highly involving, and highly motivating. Adventure? Amusement? Assassination? All in a day's work, right
